

Quality Policy Statement

EPPH specialise in HVAC, renewable energy and Mechanical Engineering across public and private sectors.

The Directors, Senior Management and employees of EPPH are fully committed to the continual development of an effective Quality Management System (QMS). This relates to the supply of quality products, processes and services in accordance with the Company's organisational goals, and the expectations and needs of all clients in all areas of the Company's activities and operations. The Company ensures that a commitment to meet all legal and other applicable requirements, and reviews are regularly undertaken to ensure this.

The Directors accept responsibility for the provision of qualified and experienced management, personnel and skilled tradespeople, suitable resources, documented working practices and procedures to ensure all contract commitments are efficiently and effectively expedited and achieved.

Senior management has a duty and responsibility to maintain the framework for establishing and reviewing the Company's quality objectives and to ensure the Quality Policy is communicated and understood by all employees within the organisation.

The Company has formulated and implemented an Management System incorporating employee Manuals and processes to describe and document all working practices and procedures in order to meet both Company and client quality objectives.

To ensure the working effectiveness of procedures, the Directors have appointed external advice, however with executive responsibility for the continual improvement of the quality system and quality objectives shall remain with the directors. This shall ensure full compliance with This policy statement will be reviewed annually and on an adhoc basis if significant business changes occur. The Company ensures that there is a significant

commitment to the continual improvement of the Quality Management System and its outputs.

The Quality Policy is a statement of commitment to quality of products, processes, and services. It is fully supported by the Directors, management and employees.
